AL ABAMA

ALASKA (The Last Frontier)

Alaska became the 49th State in 1959. It is the largest state and is over twice as large as Texas, the next largest state. Denali (Mount McKinley) is the highest mountain in North America at about 6,194m (20m320ft).

The state capital, Juneau, has no roads connecting it to the rest of Alaska. So the only access is by boat or plane.
